PROFESSIONAL SUMMARY

Results-driven and detail-oriented Quality Assurance Officer with a BSc in Food Science and Technology, specializing in food quality, safety and compliance. Adept at implementing and monitoring quality control systems to ensure adherence to industry standards, regulatory requirements (HACCP, ISO, FSSC 22000), and best manufacturing practices. Strong expertise in food toxicology, sensory, evaluation, microbiology and food chemistry, with hands-on experience in cereal and dairy technology, product development, and food marketing

Skilled in conducting audits, inspections and laboratory analyses to maintain product integrity and safety. Proven ability to develop and enforce SOPs , GMPs and food safety protocols while collaborating with cross-function teams to enhance quality assurance processes . Passionate about continuous improvement, risk assessment, and ensuring consumers satisfaction through superior product quality
